London Super Fine Cloth

[NAPLES]

We are proud to introduce this new collection of classic and elegant suiting cloths woven from finest Australian Merino Wools.

Other than the traditional favorites such as solids, and stripes, we offer a collection of bright colors best for spring and summer seasons.

The OASISBO 130's wool and the way in which the cloth is finished give it a luxurious handle, while the weave and construction make for a cloth that yields excellent performance.
